ABE State Desk Review Process

The purpose of this document is to streamline the onsite monitoring visit and will be required every other year on a schedule established by the state office. This is the second prong in Wyoming’s ABE Program’s approach to monitoring. There are eleven (11) considerations that relate to program quality in Section 231 of Adult Education and Family Literacy Act – Title II of the Workforce Investment Act of 1998 which we will focus on.

Through this desk review, these considerations will be covered and we will not have to review them during the onsite visit.
