Wyoming Community College System 2012-2013 Annual Enrollment Report Introduction

This report provides an annual look at the summer 2012, fall 2012 and spring 2013 terms' enrollment in categories such as enrollment status, location and demographics of the community college student population. The content and format of this report have been developed through a collaborative effort between the Wyoming Community College Commission (WCCC) and the Institutional Research Council members representing the seven community colleges. Most of the tables relay data that have been tracked by both of the aforementioned entities for over 12 years.

Pertinent information to keep in mind while reading this report include the following:

- The annualized totals are calculated by the nationally recognized method of adding the summer, spring and fall semesters together and then dividing the total in half.
- Student headcount in this report includes students who are enrolled for a letter grade, pass/fail designation, as well as those who are auditing a course.
- Full-time designation is achieved by being enrolled in a minimum of twelve (12) credit hours in one semester.
- "Full-time equivalency means the number of approved academic or vocational-technical credit hours for each class for which students are enrolled divided by twelve (12)". W.S. 21-18-102 (a)(xii).
- "Duplicated headcount" means that within a survey or polling exercise of numerous programs and/or courses, a student may be counted more than once. WCCC Rules -2012
- "Unduplicated headcount" means that within a survey or polling exercise of numerous programs and/or courses, a student shall be counted only once. WCCC Rules -2012

For additional discussion regarding this report, please refer to the WCCC meeting minutes dated October 18, 2013, located on the Commission's website: <http://communitycolleges.wy.edu/commission-meetings.aspx> .
