**Fall 2012 Enrollment Report**

This report provides a look at the fall 2012 semester enrollment in categories such as student enrollment, location and demographics of the community college student population. The content and format of this report has been developed through a collaborative effort between the Wyoming Community College Commission and the Institutional Research Committee members representing the seven community colleges. Most of the tables relay data that have been tracked by both of the aforementioned entities for over 12 years.

The enrollment reports continue to evolve as new data sets are needed to meet federal mandates, as well as to meet current requirements of the state and community colleges. Changes that have been made to the *2012 Fall Enrollment Report* include:

- In lieu of reporting student to faculty ratios in the fall, this information will now be published in the annual report to coincide with the college's annual reporting of these data to IPEDS.

Pertinent information to keep in mind while reading this report include the following:

- Full-time designation is achieved by being enrolled in a minimum of twelve (12) credit hours in one semester.

- "Full-time equivalency means the number of approved academic or vocational-technical credit hours for each class for which students are enrolled divided by twelve (12)". W.S. 21-18-102 (a)(xii).

- "Duplicated headcount" means that within a survey or polling exercise of numerous programs and/or courses, a student may be counted more than once. WCCC Rules -2012

- "Unduplicated headcount" means that within a survey or polling exercise of numerous programs and/or courses, a student shall be counted only once. WCCC Rules -2012

For additional information and discussion regarding this report, please refer to the Wyoming Community Colleges Commission's meeting minutes for April 20, 2013 located on the Wyoming Community College Commission's website at <http://communitycolleges.wy.edu/commission-meetings.aspx>.
