Northern Wyoming Community College District
Western Wyoming Community College

WYOMING COMMUNITY COLLEGE SYSTEM
FALL 2020 ENROLLMENT REPORT

This report provides a look at the Fall 2020 term enrollment in categories such as student load, location and demographics of the community college student population. The content and format of this report have been developed through a collaborative effort between the Wyoming Community College Commission (WCCC), the Executive Council and the Data Governance/Institutional Research Council members representing the seven community colleges.

Effective with the summer 2016 reporting term, data were extracted from the Central Station Instance (CSI) using one report rather than consolidating individual customized reports from all seven colleges. All enrollment reports have the foundation of:

- Student enrollment being counted the day after 12% of each course has been completed.
- "Full-time equivalency means the number of approved academic or vocational-technical credit hours for each class for which students are enrolled divided by twelve (12)". W.S. 21-18-102 (a)(xii).
- Student headcount includes students who are enrolled for a letter grade, pass/fail designation as well as those who are auditing a course.
- "Duplicated headcount" means that within a survey or polling exercise of numerous programs and/or courses, a student may be counted more than once". WCCC Rules-2015
- "Unduplicated headcount" means that within a survey or polling exercise of numerous programs and/or courses, a student shall be counted only once". WCCC Rules- 2015
- "Concurrent enrollment course" means a college course taught by high school faculty who have been approved as community college adjunct faculty and who are teaching said course as part of their duties as a school district employee. As such, these college courses simultaneously satisfy high school graduation requirements. These courses have been approved by the community college as having equivalent course content, learning objectives and work assignments as an existing college course. Course content and learning objectives are equivalent to the related community college course as determined and defined by community college faculty. WCCC Rules- 2017
- "Dual enrollment credit" means credit given to qualified high school students who complete college level courses for which the community college hires and pays the instructor and in which the school district agrees to allow high school graduation credit. WCCC Rules- 2017

*Full-time equivalencies (FTE) reported in tables 1, 5, 7b, 8 and 10 may vary slightly due to rounding in the enrollment calculations.

**The data presented in this report may vary from enrollment reports posted on Wyoming college websites due to extraction date and sub-set parameter differences.

For additional information and discussion regarding this report, please refer to the Wyoming Community College Commission's meeting minutes for April 2021, located on the Commission's website at <http://communitycolleges.wy.edu>.
