EXECUTIVE SUMMARY

Casper College □ Central Wyoming College □ Eastern Wyoming College □ Laramie County Community College
Northwest College □ Northern Wyoming Community College District □ Western Wyoming Community College

The *Annual Partnership Report* catalogs partnerships that Wyoming community colleges established and maintained for each fiscal year. This partnership report fulfills statutory reporting requirement W.S. 21-18-202(e)(iv) which mandates the development of annual reports to the legislature on the outcomes of partnerships between colleges and the University of Wyoming and other entities. Each community college partner maintains numerous partnerships for the development and provision of academic, occupational-technical, workforce development, and enrichment educational programs. These partnerships are essential for colleges to meet higher educational needs of Wyoming’s citizens and communities.

Seven public Wyoming community colleges provided information for ten of their major partnerships during academic year 2018. These partnerships were divided into three partnering categories as follows:

Educational

- P-12 Education
- University of Wyoming
- Other Higher Education

Community Participation

- Community Organizations
- Cultural
- Human Services
- Non-Profit Organizations
- Professional Organizations

Regional Development

- Business and Industry
- Economic Development
- Workforce Training
- Government – Local, State, Federal

Table 1 represents the total number of partnerships in each of the three partnering categories for each public Wyoming community college and the total for all seven public Wyoming Community Colleges.

Table 1. Total Number of Partnerships by Category

2019 Annual Partnership Report

College	Regional Development	Community Participation	Educational

CASPER COLLEGE - NINE MAJOR PARTNERSHIPS

<u>Name and/or focus of partnership</u>	<u>Year the partnership started</u>	<u>Partnering Category</u>
Casper College Foundation	1987	Community Participation /Educational

Nature of collaborative activities/efforts and outcomes

The Casper College Foundation supports the college through philanthropic contributions. Foundation contributions may come from individuals, groups, businesses, endowments, and foundations. Since the Foundation was developed it has provided over \$ 88 million in scholarship and program support to the college. Foundation funds provide support to students and the college in meeting the goal of providing education for a lifetime.

Casper College Foundation

<u>Name and/or focus of partnership</u>	<u>Year the partnership started</u>	<u>Partnering Category</u>
Post-Associate Degree Programs in Casper (UW at Casper)	1976	Educational

Nature of collaborative activities/efforts and outcomes

Casper College and the University of Wyoming enjoy a unique partnership that meets the needs of students unable to move to Laramie. Using both institutions' resources, students earn a variety of Bachelor's and Master's degrees. Approximately 220 students in Casper enroll in courses through UW-Casper each semester. More than 3,400 students have received their UW degrees from UW-C since it was founded.

2019 Annual Partnership Report

Central Wyoming Board of
Cooperative Educational Services

1990

Educational

Nature of collaborative activities/efforts and outcomes

NCSD #1 and Casper College combine efforts to meet community educational needs by training adult learners in programs leading to undergraduate and graduate degrees earned in Casper, by offering current high school students cooperative, articulated programs in technical and academic areas for college credit, and by serving as a catalyst for providing innovative programs benefiting both educational institutions.

Name of organizations associated with each partnership

Natrona County School District # 1

Name and/or focus of partnership

Career Program Support

Year the partnership started

Long (year unknown)

Partnering Category

Regional Development

Nature of collaborative activities/efforts and outcomes

Casper College partnerships that support Career Programs are too numerous to describe in this concise format; just the list itself is quite long. For instance, some partnerships provide necessary electrical training classes to students with the content, methodology, contact hours and subjects required by the State of Wyoming to receive a journeyman electrician license using established Joint Apprenticeship and Training Committee policies. Other partnerships are with local auto dealerships for training for services technicians.

<u>Name and/or focus of partnership</u>	<u>Year the partnership started</u>	<u>Partnering Category</u>
Clinical Experience for Health Science Students	Varies with Medical Facility	Regional Development

Nature of collaborative activities/efforts and outcomes

Community sites providing clinical experiences enhance the health/illness concepts that students learn in the classroom. Partnerships vary year to year, but several sites serve on a consistent basis. Approximately 350 Students per year are affected.

Name of organizations associated with each partnership

Elkhorn Valley Rehabilitation Hospital, Mountain View Regional Hospital, Summit Medical Center and Wyoming Medical Center

<u>Name and/or focus of partnership</u>	<u>Year the partnership started</u>	<u>Partnering Category</u>
University Partnerships	Varies with University	Educational

Nature of collaborative activities/efforts and outcomes

University Partnerships provide access to post-associate degree programs for students in Wyoming. Many of these degree programs are delivered via distance education. The distance delivery is an important component, since many of our students are place-bound. In some cases, the partner institutions choose to use adjunct faculty and offer their programs on our campus in a traditional classroom setting.

Name of organizations associated with each partnership

Black Hills State University, Chadron State College, Mayville State University, Regis University, South Dakota School of Mines and Technology, University of Mary, University of North Dakota, University of Wyoming, and Valley City State University

<u>Name and/or focus of partnership</u>	<u>Year the partnership started</u>	<u>Partnering Category</u>
Boys & Girls Club of Central Wyoming	2016	Educational

Nature of collaborative activities/efforts and outcomes

Casper College and the Boys & Girls Club of Central Wyoming partnered to offer college classes to eligible students who also participate with the B&G Club. The Natrona County BOCES pays for the courses as dual enrollment and the college instructor teaches on-site. This partnership is to reach

2019 Annual Partnership Report

students who are more at-risk of not attending college, and to help get them excited and ready to attend post-secondary education.

Name of organizations associated with each partnership

Boys & Girls Club of Central Wyoming

<u>Name and/or focus of partnership</u>	<u>Year the partnership started</u>	<u>Partnering Category</u>
Occupational Therapy Doctoral Program	1993/2014/2018 (OTD)	Educational

Nature of collaborative activities/efforts and outcomes

Casper College graduates in OT and are afforded the opportunity to continue their education in this doctoral program. Casper College makes available to the students in the programs all student services that are available presently to Casper College Students. Casper College also provides reasonable and necessary office, classroom, and laboratory space.

Name of organizations associated with each partnership

University of North Dakota

<u>Name and/or focus of partnership</u>	<u>Year the partnership started</u>	<u>Partnering Category</u>
John Wold Foundation – Help Yourself Academy	2009	Community Participation/ Educational

Nature of collaborative activities/efforts and outcomes

The Help Yourself Academy (HYA) is designed to increase the probability underserved students will attend college. This program involved an after-school academy for elementary students conducted on the Casper College campus. HYA provides on campus learning experiences for at-risk elementary school students from Natrona County School District in grades Three, Four, and Five. The vast majority of elementary students in HYA have not had family members attend college. This after-school program pairs elementary students with college student mentors to complete math and science enrichment programming and to provide them an experience at the college to increase their knowledge of the college.

Douglas Chamber of Commerce, Glenrock Chamber of Commerce, Goshen County Chamber of Commerce, Hulett Chamber of Commerce, Moorcroft Chamber of Commerce, Newcastle Area Chamber of Commerce, Niobrara County Chamber of Commerce, Platte County Chamber of Commerce, Sundance Area Chamber of Commerce, Upton Chamber of Commerce

<u>Name and/or focus of partnership</u>	<u>Year the partnership started</u>	<u>Partnering Category</u>
Department of Family Services (DFS)	2015	Educational

Nature of collaborative activities/efforts and outcomes

The Adult Education program at EWC and DFS have an active relationship whereby consistent referrals are made so that program participants are able to complete a course of study and transition to become functioning members of the society in which they live.

Name of organizations associated with each partnership

Department of Family Services – local and state

<u>Name and/or focus of partnership</u>	<u>Year the partnership started</u>	<u>Partnering Category</u>
Eastern Wyoming Arts Council	1985 (est.)	Community Participation

Nature of collaborative activities/efforts and outcomes

This council represents a cross section of the community and Goshen County members who volunteer their time to offer cultural programming for the community. Typically, the council plans for four to six performances per year. Public school programming is included as appropriate.

Name of organizations associated with each partnership

Eastern Wyoming Arts Council, Goshen Community Theatre, EWC Foundation

LARAMIE COUNTY COMMUNITY COLLEGE -TEN MAJOR PARTNERSHIPS

<u>Name and/or focus of partnership</u>	<u>Year the partnership started</u>	<u>Partnering Category</u>
Laramie County Community College Foundation	1968	Community Participation

Nature of collaborative activities/efforts and outcomes

The LCCC Foundation supports the college through philanthropic contributions designed to benefit scholarships, programs and capital construction. Foundation contributions may come from individuals, groups, businesses, endowments, and foundations. On an annual basis the foundation provides approximately \$1 million in scholarship and program support to the college. Foundation funds provide support to students and the college helping LCCC reach its mission of transforming students' lives through the power of inspired learning.

Name of organizations associated with each partnership

Laramie County Community College Foundation and donors

<u>Name and/or focus of partnership</u>	<u>Year the partnership started</u>	<u>Partnering Category</u>
Program/Curriculum Articulations	1970's	Educational

Nature of collaborative activities/efforts and outcomes

University of Wyoming hosts an annual articulation summit to collaborate with all Wyoming community college faculty. LCCC faculty meet with their UW counterparts to review curricula and articulation agreements, thus facilitating the transfer of LCCC graduates to UW or using credits earned to transfer into other Wyoming community colleges. In the event that UW does not offer the transfer degree, LCCC faculty work with other out-of-state colleges and universities, to develop agreements (currently six active agreements). LCCC also works within the Western Interstate Commission for Higher Education Interstate Passport network to align the lower-division general education block with student learning outcomes and to facilitate student transfer to all 32 network member institutions.

<u>Name and/or focus of partnership</u>	<u>Year the partnership started</u>	<u>Partnering Category</u>
Career Services: Career Fair and Reality Town	1990	Regional Development

Nature of collaborative activities/efforts and outcomes

The Career Fair, co-hosted with the State of Wyoming Department of Workforce Services, brings together employers and regional college representatives with LCCC students, alumni, community members, and separating military and their families, in order to make hiring connections, recruit and gain information about transfer opportunities, employers, career requirements, and job opportunities.

Reality Town is an educational program giving realistic career and financial experience to students in LCSD#1 & LCSD#2. Reality Town is a two hour simulation held at LCCC each spring, impacting over 700 local students. Students choose a career and get a chance to see if they can support a family on that salary. The “town” is manned by local business. The Reality Town experience is offered to other school districts across the state. Currently, Reality Town has been offered to seven different communities and served over three thousand Wyoming youth with over a thousand community volunteers since 2016.

OWD Business Training Partnerships	2003	Regional Development

Nature of collaborative activities/efforts and outcomes

LCCC partnerships build a stronger workforce for our region through outreach, continuing education, professional and workforce training in high-demand occupations. LCCC's Outreach and Workforce Development boasts a number of partnerships including (but not limited to):

- The Southeast Wyoming Workforce Advisory Board consisting of for-profit and non-profit partners who help direct offers in both OWD Business Training and Adult Education.
- The Next Gen Sector Partnerships directed by the Wyoming Department of Workforce Services and Business and Industry who have identified new industry programming included: NCCER Core training at LCCC and at LCSD#1, NCCER Core Training at correctional facilities, and an Intro to Hospitality and Culinary programming.
- Providing training in high demand occupations to community groups such as: Dads Making a Difference and Climb Wyoming
- Providing public sector leadership training through OWD's Certified Public Manager Program
- Partnering with DWS and local businesses for apprenticeship trainings supporting high demand occupations

<u>Name and/or focus of partnership</u>	<u>Year the partnership started</u>	<u>Partnering Category</u>
University of Wyoming	1991	Educational

Nature of collaborative activities/efforts and outcomes

The Colleges of the NWCCD partner with the University of Wyoming in many ways. In Sheridan, the UW Research and Extension Center is located on the SC main campus. This fosters collaboration in programming, research and shared faculty in the Agriculture and Science program areas. NWCCD Nursing and Dental Hygiene students can pursue their bachelor's degree through UW while studying at NWCCD. Federally funded programs at UW allow NWCCD faculty to pursue student-assisted research projects and grants.

Whitney Benefits	2002	Community Participation

Nature of collaborative activities/efforts and outcomes

Whitney Benefits Foundation has supported higher education in Sheridan County in numerous ways. Not only do they positively impact economic development in the area by supporting research, exploration, and development of new programs, they support growth opportunities and facilities at Sheridan College. The Whitney Foundation continues to fund the RN-BSN endowed chair position to assist NWCCD nursing students and community members to pursue a bachelor's degree in nursing through the University of Wyoming. Whitney Benefits also issued a no cost lease on their Adams Ranch property adjacent to the Sheridan College campus to the college for current use. Sheridan College received a Whitney Computer Science Grant that facilitates collaboration with Sheridan County School District #2 to introduce, encourage and support students in the field of computer programming.

Campbell County Health

2005

Community Participation

Nature of collaborative activities/efforts and outcomes

Campbell County Health supports the educational programming of the Gillette College nursing program by funding 1.5 individuals who serve as nursing faculty/administration. Campbell County Health and Gillette College partnered with the City of Gillette and Campbell County Commissioners in 2008 to build a health sciences education facility on the Gillette campus. Campbell County Health provided additional funding at that time to enlarge the building to house educational services for their organization. NWCCD maintains responsibility for operations of the facility. By working together, the city, the commissioners, the college and the hospital were able to provide additional educational capacity and meet the needs of the community. Similarly, in 2016, Campbell County Health assisted with funding for equipment in the new simulation center which will be used collaboratively with the college health science programs.

Sheridan Economic and Educational
Development Authority (SEEDA)

2008

Regional Development

Nature of collaborative activities/efforts and outcomes

NWCCD, the City of Sheridan and Sheridan County School District #2 formed a joint powers board to collaboratively address educational and infrastructure issues related to economic development. Using staff resources from the college and the City, the joint powers board used state grant funds to build an early education center (which recently transitioned to private ownership), build an industrial park designed for business recruitment and expansion of high-tech and manufacturing companies, accepted ownership of the infrastructure and empty lots in an existing commercial park and upgraded the infrastructure so the lots can be used for business expansion. NWCCD and the City of Sheridan continue the joint powers board working with Sheridan County School District #2; however, SCSD#2 has elected to not be a formal member of the board. SEEDA has commissioned two planning projects. The first was to identify educational assets within the county, update the targeted industries and recommend steps to align K-12 and college educational programs to targeted industries' occupational needs. The second project is to initiate a Creative Economy Council for Sheridan and Johnson Counties and complete three to five plans for projects that will increase the creative economy sector.
